Re: Please Free Charles Edward "Eddy" Lepp, Inmate #90157-011
~ Case# CR 04-317 WHA

Dear Honorable Judge Alsup:

This letter is to formally request that you please Free Charles Edward "Eddy" Lepp, Inmate, #90157-011. "Eddy" is a Hero to myself and many many others in a peaceful world wide community. Eddy is not a violent man nor is he a criminal by any means whatsoever.

Quite the contrary, Eddy is a fighter of life, liberty, freedom and for what is right. He is hugely missed and is a sincere caring, loving provider to many needy, sick and dying people.

Eddy is a peace keeper and healer. He has brought light and love to so many peoples lives. He has made this world a better place and during his time of Freedom he helped end as much suffering as he could to so many souls. Eddy is also not alone in this tragedy of injustice called the War on Drugs.

In 2009 I had the honor of meeting and discussing the failed war on drugs with Judge Jim Gray. I was enlightened when finding out about the number of occurrences of injustice on part of the Federal Government and it further enhanced my decision to help do my part in ending the War on Drugs. Clearly, it is something that needs to change and you can help us by letting an innocent loving man rightfully come home to his loved ones.

I hope and I pray that many other Judges, like yourself , continue to step forward and follow logic and truth. I am also very grateful and thank you for doing the right thing in your September 8th, 2000 Injunction. I have added you to my list of heros. I was very hopeful when I heard Eddy's case had been transferred to your courtroom.

I ask that the very least you can do is set aside Eddy's conviction, sentence him for time served or grant a new trial that presents the whole truth. Please help us bring upon the change our country and its people so desperately need.

One fact that was not represented in Eddy's trial, and what is most confusing to me is the contradiction of the Federal Schedule of Controlled Substances regarding Cannabis/Hemp. On October 7, 2003 The United States Government as represented by the Department of Health and Human Services was granted a U.S. Patent (#6630507) on any and all uses and applications of: Cannabinoids as antioxidants and neuroprotectants.

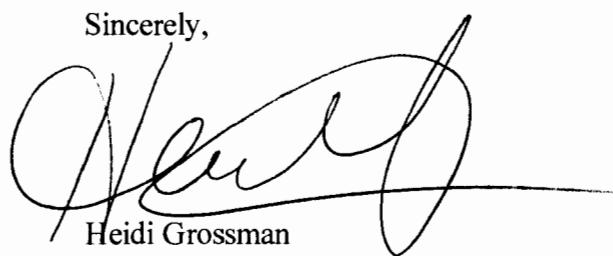

The Government claims Cannabis has significant life saving and medicinal value. The same goes for our Eddy. He adds so much value to our planet and humanity so please help us end this war on our people!! I beg you to please do the right thing.

We as people are not being helped or even given a fair chance at life or happiness. Furthermore, I will never understand it or grasp how a human being is imprisoned and treated no better than a slaughter cow for possessing a sacred herb that has never caused one death. Quite the contrary, Cannabis cures cancer and so many other diseases as stated in fact by the Federal Government. It provides medicine, paper, food, fuel and fiber. Most importantly to Eddy it provides spiritual fulfillment. The facts are the facts and that is Hemp and Cannabis can save our planet. Please help us and our country to bring back truth and justice to our system.

My favorite quote: "Respect All, Harm None, Love one Another" ~ Rev. Eddy Lepp

Thank you for your time and consideration in these matters.

Sincerely,
